41 Receive and approve Minutes of Parish Council Meeting held on 12th May 2026 – these are to be carried over to the July Meeting.

42 Representations from Members of the Public if present - A local member of the community attended having previously reported by email to the Clerk, about the lack of footway and danger of walking on The Hollow in Chirton. The problem is that traffic taking the turning into the village from the A342 at speed are also driving close to the bank. For the properties on Andover Road there is no other pedestrian access to and from the village and school available. A resident attended the meeting to report that this is not the first time that a near accident has happened, while she has been walking with a buggy and children, and the dangers were understood by Councillors present. A report to the LHFIG Committee for a solution and a possible application for painted road markings and signage that can be provided to address the safety issue on this corner will be submitted via an application for discussion at the next **Local Highways and Footpaths Improvement Group (LHFIG) - Action Clerk**. The next Meeting is to be attended by Cllrs CA or TB on behalf of the PC and has the support of Cllr. PO. Cllr. PO updated the meeting and offered his support with ongoing PC matters and will raise awareness regarding The Hollow and potential road markings and signage, with Mark Stansby at LHFIG.

Cllr.CA represented on behalf of a resident that an issue regarding the Warminster school bus has become highlighted by the congestion and unsafe parking of parents meeting the bus at pick up and drop off times and erosion to a bank on the Hollow in Chirton, where the bus pulls in. It will be suggested that the bus companies use the same stops located on Small Street as other local school buses.

Speed indicator displays may be a solution to warn of speed restrictions for traffic visiting and passing through the village, especially at peak school pick up and drop off times. Our Litter pick took place on Sunday 7th June and 6 bags were collected by Wiltshire Council. Thank you to Councillors and members of the community who attended with their children to help. Finally PRH reported on overgrown hedges within the village, a request for the growth over-hanging highways should be cut back especially on the bend where visibility is a safety risk and along Patney Road and The Hollow, where the banks meet the highway. If further information or advice is needed, please contact clerk@chirtonandconock-pc.org.uk.
